Message from the President

Dear Friends,

It is my pleasure to provide you with the South County Health Medical Services and Physician Directory. You can use it to find a doctor on the medical staff or to learn more about our patient services. I hope you will find this to be a convenient and helpful source of information.

Choosing a doctor is an important personal decision. As you will see, physicians in more than 40 specialties are represented in this directory. We are proud of the standards of excellence required for physicians to be admitted to the Medical Staff, and of our rigorous biennial re-credentialing process that ensures only the highest level of care.

South County Health (SCH) is a full-service healthcare resource, providing a comprehensive range of advanced inpatient, outpatient, and home health services. Accredited by The Joint Commission, SCH is made up of four components: South County Hospital, South County Home Health, South County Medical Group, and South County Surgical Supply.

- South County Hospital is an independent, non-profit, acute care hospital offering the latest advances in technology and a comprehensive range of medical and surgical services for both inpatient and outpatient care. All of our hospital rooms are private (one patient per room) with en suite bath, and our nurses are renowned for the expert, compassionate care they provide.
- South County Home Health provides the services of visiting nurses, physical therapists and other healthcare professionals for individuals who need care at home.
- South County Medical Group comprises more than 60 physicians and other healthcare providers practicing across more than a dozen diverse medical specialties that offer integrated care with convenient office locations from Westerly to East Greenwich.

- South County Surgical Supply is a full-service provider of home health equipment and medical supplies, from walkers and crutches to hospital beds, wheelchairs, oxygen, maternity products, and much more. Free delivery is available to most South County locations.

If you are searching for a primary care physician, in addition to consulting this directory, you can call our Physician Finder Line at 401 783-5544 or use the Find a Doctor feature on our website at www.southcountyhealth.org.

By visiting the website, you can learn more about the distinguished individuals who make South County Health one of the region's premier healthcare resources.

I encourage you also to explore our website to learn more about upcoming free lectures as well as the many educational programs, classes, and support groups we offer. Promoting wellness in the community is a key component of our mission, and we believe the health of a community begins with education.

Within the SCH community, you will hear a lot about our guiding values of Caring, Respect, Integrity, Collaboration, and Excellence. To all of us working to ensure that you and your family receive the best possible care, these values have great meaning. We are dedicated to bringing you the highest level of expertise and technology in a setting focused on your comfort, convenience, privacy, and well-being. It is our privilege to serve you.

Sincerely,

Louis R. Giancola, President & CEO
South County Health

Welcome to the South County Health Medical Services and Physician Directory

As your healthcare resource, South County Health is much more than a hospital. With a wide range of inpatient, outpatient, and homecare services that are recognized regionally and nationally for providing excellence in quality of care, our mission is to help you achieve and maintain optimal health for every stage of life. Whether you're planning to start a family, looking for a specialist in orthopedics, or are in need of an ultrasound, cardiac rehab, a visiting nurse, supplemental oxygen, or any other health service, we are here for you.

South County Hospital 401 782-8000

QUALITY COUNTS

Quality is a top priority for us. We are dedicated to providing the highest quality medical care and establishing an all-encompassing culture of safety for our patients. Joint Commission-accredited, South County Hospital has been ranked among the top hospitals across the country by many respected organizations, including Harvard Pilgrim Health, which every year recognizes adult acute care hospitals in its network whose performance is among the top 25 percent for quality and patient experience. This designation recognizes our outstanding achievements in the treatment of heart attack, heart failure, and pneumonia, as well as virtually every aspect of a patient's experience: cleanliness, courtesy, comfort, and food; how family and friends were treated; the helpfulness of personnel; the waiting time for a test or procedure; pain management, staff response to questions, and the skill of the nurses, physicians, and other clinicians.

The Hospital has been designated a Top Performer on Key Quality Measures® by The Joint Commission, the leading accreditor of healthcare organizations in America. The Hospital is one of only three hospitals in the state to achieve this distinction. The designation recognizes the Hospital's exemplary performance in using evidence-based clinical processes that are shown to improve care for certain conditions. At South County Hospital, staff are committed to better health outcomes for patients through quality improvement and evidence-based care processes.

South County Hospital has been rated by *Consumer Reports* magazine as best in Rhode Island for surgical care. Scores were based on safety and patient outcomes and were limited to Medicare-covered patients. This exceptional ranking speaks to the high level of quality surgical care given at South County Hospital, from pre-admission testing through discharge.

Safety is paramount at South County Hospital, and we strive every day to meet nationally recognized standards. For the third consecutive year, South County Hospital has received an “A” Hospital Safety Score rating from The Leapfrog Group.

South County Hospital is designated by The Joint Commission as a Primary Stroke Center—the only Primary Stroke Center in southern Rhode Island—an accreditation that recognizes the Hospital’s strict adherence to specific guidelines for the timeliness and appropriateness of care for persons experiencing stroke.

INPATIENT SERVICES

South County Hospital has built an outstanding reputation for providing the latest advances in inpatient care. All wings feature private rooms with en suite baths and accommodations for family members, as well as the latest technology, including WiFi. One floor is dedicated to orthopedic patients, one to obstetrics, and two floors of the Frost Family Pavilion are for medical and surgical patients, including two specialty designed rooms for hospice care. The Hospital’s Intensive Care Unit (ICU) has been recognized for achieving reduced length of stay and outcomes that surpass other ICUs in the state and nation. The surgical and medical services encompass more than 40 specialties, including orthopedics, cardiology, oncology, general surgery, and obstetrics, among others. You will learn more about each of these in the pages that follow.

OUTPATIENT SERVICES

We are committed to providing convenient access to the most sophisticated outpatient care and extensive outpatient services. Our Diagnostic Imaging Center features the latest in imaging technology, including digital and 3D mammography, MRI, ultrasound, and PET-CT (positron emission tomography-computed tomography), to name a few. Our multi-accredited, full-service Medical Laboratory services can be used without an appointment in any of six convenient locations. Our state-of-the-art Radiation Therapy services are used by cancer patients from around the region, and our Wound Care Center sees patients from across the state. This guide contains a complete list of these and all the other outpatient services we offer, as well as phone numbers and locations.

EMERGENCY DEPARTMENT

Our modern facility provides access to expert emergency medical care 24 hours a day, 365 days a year. Staffed by board certified emergency medicine physicians and a highly skilled clinical team trained in emergency medicine, the Emergency Department features 24 private treatment bays, trauma and cardiac rooms, and advanced monitoring and diagnostic technology. Patients are assured the highest level of care, comfort, and privacy.

EDUCATION, COMMUNITY HEALTH, AND SUPPORT SERVICES

We offer a wide variety of programs and services to help you improve and maintain your health and quality of life. Free monthly lectures, free health

screenings, and ongoing classes throughout the year—offered at the Hospital and at other convenient locations throughout the area—are designed to make you an active participant in your quest for optimal health, and an informed decision maker. You will find a complete list of programs in this directory. For updates on lectures and screenings, check the website at www.southcountyhealth.org.

South County Home Health 401 782-0500 or 800 834-3334 (24hour)

VISITING NURSE SERVICES & MORE

South County Home Health is your resource for home-based care needs. With virtually all services covered by insurance, South County Home Health offers skilled visiting nurse care, physical therapy, occupational therapy, speech therapy, mother and baby care, palliative care, home telemonitoring, wound care, and more. The area's oldest Medicare-certified visiting-nurse agency, South County Home Health has been designated a HomeCare Elite agency by OCS HomeCare by National Research Corporation, which uses publicly reported data from the Centers for Medicaid and Medicare Services.

South County Medical Group 401 782-8000

SPECIALISTS AND PRIMARY CARE PROVIDERS

The South County Medical Group is a comprehensive network of expert specialists and primary care healthcare providers. The group, created to provide a continuum of care for patients, currently includes specialists in Behavioral Health, Cardiology, Endocrinology, Family Medicine, General Surgery, Hospitalists, Infectious Disease (including Lyme Disease), Internal Medicine, Nephrology, Obstetrics & Gynecology, Oncology/Hematology, Podiatry, Primary Care, Pulmonology, Urgent Care, and Wound Care. Together, these practices can give patients easy access to other specialists as needed and, by working together as a cohesive team, can better manage each individual's healthcare needs.

South County Surgical Supply 401 783-1850

HOME HEALTHCARE EQUIPMENT

South County Surgical Supply is a full-service retail shop for the various medical supplies you may need at home while recuperating from surgery, having a baby, injury, or illness. Supplies and equipment include beds, oxygen, wheelchairs, compression stockings, mastectomy supplies, and much more. Located at 14 Woodruff Avenue, Suite 13, Narragansett, RI, South County Surgical Supply offers delivery to most of South County. 24-hour emergency service is available.

VISITING NURSES AND SO MUCH MORE

HomeCare Elite

401 782-0500 ~ www.southcountyhomehealth.org

SOUTH COUNTY SURGICAL SUPPLY

Part of South County Health

Advanced home medical equipment to make everyday life easier.

South County Surgical Supply is a trusted provider of advanced home medical equipment and supplies. You can count on us for a comprehensive selection and knowledgeable service on purchased or rented equipment. Home delivery and 24-hour emergency service ensure you get the help you need when you need it. We participate with most major health insurers.

Accredited by
The Joint Commission

**14 Woodruff Avenue, Narragansett
401 783-1850**

Medical Services, Education, & Support

Services are listed alphabetically.

ANTI-COAGULATION MANAGEMENT SERVICE 401 789-5572

This clinic provides the latest technology in anticoagulation therapy and is the only pharmacist-directed clinic in southern Rhode Island dedicated to the assessment, monitoring, and education of individuals taking anticoagulation medications such as Coumadin® (warfarin), a commonly prescribed blood thinner. Studies show that patients on blood thinners monitored at anticoagulation clinics have a much lower incidence of heart attacks, strokes, and bleeding complications.

BEHAVIORAL HEALTH 401 788-1277

The department of Behavioral Health offers a range of services for mental disorders and addictions, including emergency assessments/evaluations, brief mental health crisis stabilization, pharmacology, inpatient behavioral health consultations, expertise in the diagnosis and treatment of psychiatric disorders during and after pregnancy, psychoeducation on behavioral health issues, and outpatient behavioral health services.

BIRTHING CENTER (see Maternity Services, page 19) 401 788-1225

BREAST HEALTH PROGRAM 401 788-3850

The Breast Health Program is built upon a multi-disciplinary team of expert surgeons, medical oncologists, radiation oncologists, technologists and nurses providing top quality, advanced care of breast disease and breast cancer from diagnosis to surgery, chemotherapy, radiation and beyond. The Breast Health Program Coordinator acts as a source of support and an educational resource for patients and their families, from the initial diagnosis through treatment. (Also see pages 44, 127.)

BREASTFEEDING (see Lactation, page 19) 401 788-1226

CANCER CARE SERVICES 401 783-6670

(Breast Cancer Services 401 788-3850)

South County Hospital offers a full range of services dedicated to the diagnosis and treatment of cancer. We provide the latest technology in diagnostic imaging, surgery, chemotherapy, radiation therapy, home care rehabilitation, physical and psychological rehabilitation (see Oncology Rehabilitation, page 20), and support groups. South County Hospital's Cancer Program is accredited with commendation by the Commission on Cancer (CoC) of the American College of Surgeons, which is considered the gold standard for cancer programs. The board certified physicians who make up our cancer team are committed to offering you quality medical care with compassion and respect. You'll also have an oncology nurse

navigator at your side every step of the way, from diagnosis through treatment. (For a complete list of oncologists/hematologists, see the Physician Directory section of this book.)

CARDIAC CARE SERVICES

401 789-5770 (Wakefield), 401 471-6440 (East Greenwich and Westerly)

The physicians of South County Cardiology have built a reputation for top quality personalized care. They are members of the Cardiovascular Institute of New England, a medical practice of board certified physicians offering a range of cardiac care services including clinical cardiology consultation, preventive care, stress testing, echocardiography, pacemaker implantation and evaluation, carotid ultrasound, 24-hour holter and long-term monitors, EKG and cardiac catheterization. Services also include state-of-the-art Cardiopulmonary Rehabilitation programs. (See Cardiopulmonary Services and Cardiopulmonary Rehabilitation, page 13.)

CARDIAC CATHETERIZATION 401 788-3908

The diagnostic catheterization lab at South County Hospital was established in collaboration with Rhode Island Hospital and its prestigious Cardiac Catheterization and Interventional Cardiology Services program. Medical representatives from both organizations are part of the Oversight Committee that ensures standards for quality, performance, patient selection, and outcomes.

CARDIOPULMONARY SERVICES 401 782-8020 ext. 3484

The Cardiopulmonary Wellness & Fitness Center offers medically supervised exercise and rehabilitation programs dedicated to prevention and wellness, in particular for individuals with cardiac or pulmonary disease or who are recovering from surgery. Programs and services include Cardiac Rehabilitation, CPR classes, Prenatal and Postpartum Exercise, Pulmonary Rehabilitation, Senior Fitness Focus, Smoking Cessation, Weight Management, and more.

CARDIOPULMONARY REHABILITATION

401 782-8020 ext. 3484

We offer custom-designed programs to meet each patient's needs.

Customized Fitness Program

Join the Wellness & Fitness Center gym and enjoy the benefits of a work-out plan custom-designed to help you meet your goals. First step: meet one-on-one with one of our exercise physiologists who will assess your fitness level, discuss your lifestyle, and help determine the best approach to get you started on the path to improved fitness in a way that keeps you motivated. The setting is safe, comfortable, clinically supervised, and friendly.

Pulmonary Rehabilitation

Are you experiencing shortness of breath or having trouble keeping up with regular exercise? The respected Pulmonary Rehab Program could change the way you live in just eight weeks. Improve your quality of life, one breath at a time.

Smoking Cessation

Want to quit smoking...permanently? Our individualized Smoking Cessation Program combines private counseling and exercise.

CENTER FOR WOMEN'S HEALTH 401 789-0661

At our Center for Women's Health, we focus on you. Our mission is to provide you with a full spectrum of exceptional patient-centered healthcare, including obstetrics and gynecology services delivered by board certified providers and certified nurse midwives; a comprehensive breast health program; digital mammography and the latest advances in diagnostic imaging, behavioral health and reproductive psychiatry; and a variety of wellness, support, and education programs. (You will find details about each of these services under their specific headings.) Offices in Wakefield, East Greenwich, and Westerly.

CHILDBIRTH PREPARATION/EDUCATION 401 792-2229 401 788-1486

The South County Hospital Childbirth Education program provides a comprehensive selection of classes, programs, and support for new and soon-to-be parents. Our highly respected programs, led by Certified Childbirth Educators, are designed to meet your needs, answer your questions, and offer you support before, during, and after pregnancy. A childbirth education course is also offered online for your convenience. During this special time in your life, we are pleased to offer you expertise and support every step of the way.

Programs and classes include:

- Childbirth Education
- Parenting
- Prenatal Breastfeeding
- Refresher Childbirth
- Sibling Class
- Infant/Child CPR
- Prenatal & Postpartum Exercise
- Breastfeeding Support
- New Moms' Club

For a complete list of classes, visit our website at www.southcountyhealth.org

COMMUNITY OUTREACH AND EDUCATION 401 788-1173

Educating our community is a priority at South County Health. In addition to our popular Lecture Series (see page 19), you'll find information on our website, www.southcountyhealth.org, on vaccination clinics, CPR training classes, health screening events, and much more.

CASE MANAGEMENT AND SOCIAL SERVICES 401 788-1461

We believe that thorough discharge planning is an important step in the recovery of our patients. The Case Management/Social Services Department coordinates the discharge of each patient and makes arrangements for any follow-up care, including home health services or the transition to a rehabilitation unit or nursing home. The Continuing Care Coordinator assists with all aspects of discharge planning, including cost and insurance coverage.

CPR CLASSES (Cardiopulmonary Resuscitation) 401 788-1486

401 273-6900 American Safety Program

Classes are offered throughout the year. Call for schedule and costs.

- **Family/Friends CPR** - This is a course for anyone who wants to learn CPR for personal use.
- **Healthcare Provider CPR** - This course offers a completion card (not certification), following a written exam and a practicum. This course is ideal for healthcare professionals who require proof of competence, as well as lifeguards, town employees, school bus drivers, and people working with children.
- **Heart Saver CPR** - This course offers a completion card (not certification). Ideal for police officers, day care providers, and other professionals working with groups.
- **Infant/Child CPR** - This is an important class for new parents, grandparents, and babysitters.

DIABETES CENTER 401 788-1135

South County Health offers a wide range of diabetes education, management, and outpatient support services for individuals with Type 1 or 2 diabetes, and gestational diabetes. Our diabetes classes are taught by Certified Diabetes Outpatient Educators and emphasize self-management of diet, blood glucose monitoring, medications, exercise, foot care, and other key aspects of diabetes management and treatment. You may also arrange private diabetes management consultations with one of our Certified Diabetes Outpatient Educators as recommended by your physician. Support groups for adults and children are also available. See www.southcountyhealth.org for an updated calendar. (Also see page 52.)

DIAGNOSTIC IMAGING 401 788-1486

Diagnosis is where treatment begins. The Outpatient Diagnostic Imaging Center at South County Hospital is southern Rhode Island's premier resource for the latest advances in medical imaging. A comprehensive range of radiology services, including X-ray, CT, Ultrasound, MRI, Interventional Radiology, 3D Digital Mammography, Nuclear Medicine, and PET/CT Scan are performed by certified technologists and sonographers, and interpreted by experienced board certified radiologists. When you choose South County Hospital for your imaging exams, your results will always be available to your physician, something that is especially important if you are ever admitted to the Hospital. Our board certified radiologists are on call 24 hours a day for consultation. In addition, many diagnostic imaging services are available at both of our Medical & Wellness Centers (in East Greenwich and Westerly), including 3D screening mammography.

DIET AND NUTRITION SERVICES 401 782-8020 ext. 3366

Our outpatient diet and nutrition counseling services are available for a variety of needs, including diabetes and gestational diabetes, reactive hypoglycemia, high blood pressure, high cholesterol and hyperlipidemia, obesity, Crohn's disease, dysphagia, weight control, and more. Registered dietitians provide counseling in individual and group settings.

EMERGENCY DEPARTMENT 401 782-8000

The Emergency Department at South County Hospital provides full-service emergency medical services seven days a week, 24 hours a day. Staffed by board certified emergency medicine physicians and a highly skilled clinical team trained in emergency medicine, the South County Hospital Emergency Department offers quality medical care in a convenient, modern facility. The emergency room has 24 private treatment bays, trauma and cardiac rooms, advanced monitoring and diagnostic technology, electronic medical records, and a dedicated observation unit. (Also see page 50.)

ENDOCRINOLOGY 401 788-8940

South County Endocrinology provides specialized treatment for southern Rhode Islanders with diabetes, thyroid problems, osteoporosis, and a host of other illnesses caused by hormonal and metabolic imbalances. Endocrine disorders often are complex and involve many parts and processes of the body, particularly the delicate balance of hormones.

FAMILY MEDICINE/Primary Care 401 471-6760

South County Medical Group Primary Care offers you and your family (ages newborn and up) quality primary care services delivered by highly experienced physicians. In our patient-centered practice, we are committed to helping you achieve and maintain good health from youth through old age. We offer comprehensive primary care services, including annual visits and screenings, with a focus on disease prevention and health promotion. And with the convenience of a full medical lab and diagnostic imaging services in our building, you and your family can take care of all your basic healthcare needs in one place. We are located at the Medical & Wellness Center in East Greenwich and have evening appointments available. (For a complete list of family medicine physicians, see the Physician Directory section of this book.)

FIND A DOCTOR 401 783-5544

This is a free service to help you find a physician, whether you need a primary care doctor or a specialist. If you are in need of emergency care, call 911. If you are not in need of emergency care but would like to see a doctor today, visit the Urgent/Walk-In Care center on South County Trail (Rt. 2) in East Greenwich, M - F, 8am - 6pm; Sat. 8am - 4pm; Sun. 10am - 4pm, or the Urgent/Walk-In Care Center on Rt. 1 in Westerly, M - F, 8am - 6pm; Sat. - Sun. 8am - 4pm. Otherwise, contact us by phone during regular business hours or visit www.southcountyhealth.org.

FLU VACCINATION PROGRAM (seasonal) 401 788-1641

Clinicians from both South County Hospital and South County Home Health conduct public flu vaccination clinics throughout Washington County every fall. Call or visit www.southcountyhealth.org for a schedule.

GENETIC COUNSELING AND MATERNAL FETAL MEDICINE 401 789-0661

This is a physician-referred diagnostic service for pregnant women considered high-risk. In partnership with Women & Infants Hospital, expectant parents are provided with in-depth genetic counseling.

INFUSION THERAPY/CHEMOTHERAPY 401 788-1294

Infusion therapy is the term used for medical treatment in which medication is delivered directly into the body, usually intravenously. Outpatient infusion therapy is most commonly used for cancer treatment (chemotherapy), but it is also chosen as treatment for many other conditions including anemia, infection, and chronic pain. Whatever your needs may be, the nurses and support staff at our Infusion Therapy Unit provide top quality care in the comfort, convenience, and privacy of a newly renovated wing. Treatment rooms include a private bathroom, windows, visitor chairs, and television. The Infusion Therapy Unit is open Monday through Friday.

LABORATORY SERVICES

LACTATION WARM LINE 401 788-1226

Our certified lactation consultants provide expert breastfeeding support, evaluation, assistance, and resources. Call with your questions, or schedule a private consultation with a Certified Lactation Consultant.

LECTURE SERIES 401 788-1173

South County Hospital offers free lectures throughout the year to help you address health and wellness issues. These informative lectures are held nearly monthly and focus on the healthcare issues you care about most. Visit www.southcountyhealth.org for a current schedule.

MATERNITY SERVICES 401 788-1225

South County Hospital is proud to have been the first hospital in Rhode Island to receive the Baby-Friendly™ USA designation, joining a select group of hospitals nationwide. Our Women & Newborn Care Unit, home to 11 private labor/delivery/recovery/postpartum family-friendly suites and a spa-like labor tub room, is staffed by experienced, caring obstetrical nurses and neonatal nurse practitioners. Call us to arrange for a tour and see why we've earned the loyalty of generations of families. (For a complete list of obstetricians and certified nursing midwives, see the Physician Directory section of this book.)

MEDICAL & WELLNESS CENTERS

401 471-6740, 3461 South County Trail (Rt. 2), East Greenwich

401 604-2500, 268 Post Rd. (Rt. 1), Westerly (Also see pages 142, 143.)

Our Medical & Wellness Centers offer a comprehensive range of family, walk-in, and specialty medical services in a modern building and convenient location.

Services include:

- Urgent & Walk-In Care
- Lab Services
- Occupational Health Services (E. Greenwich only)
- Obstetrics & Gynecology
- Primary Care
- General Surgery Consultation
- X-ray, Digital Mammography, Bone Densitometry, Ultrasound
- Anti-Coagulation Management
- Travel Immunization Clinic (E. Greenwich only)
- Diabetes Care

MEDICATION MANAGEMENT SERVICE 401 788-3811, FAX 401 789-4526

FREE service. Are you taking several different prescription medications? If so, you may benefit from a visit to the Medication Management clinic. This service is free, available to anyone, and an effective way to ensure that your prescriptions are not interacting negatively. Have your medications (including the strength and frequency of the dosage) reviewed by a specially certified pharmacist who can identify and prevent medication-related problems—with an eye toward reducing costs whenever possible. The pharmacist can also determine if any changes should be made and will communicate directly with your doctors and pharmacy to ensure your prescriptions are current and needed. By appointment only. Narragansett Medical Office Building, 360 Kingstown Road, Narragansett. Tu, W, Th; 9am – 3pm.

NEPHROLOGY 401 782-0090 (Wakefield) 401 596-3313 (Westerly)

Nephrology (a.k.a. renal medicine) involves the kidneys and diseases of the kidneys. In addition to cleaning the blood of waste products, the kidneys are largely responsible for regulation of blood pressure. As a result, nephrologists are also experts in management of hypertension (high blood pressure). Shoreline Nephrology & Hypertension is comprised of three nephrologists who are board certified in Internal Medicine and Nephrology.

NUTRITION CONSULTING SERVICES

(see Diet and Nutrition, page 16)

OCCUPATIONAL HEALTH SERVICES 401 471-6742

Are you an employer in need of occupational/workplace health services for your employees? We specialize in preventive health services, including physicals, immunizations, and screenings for hearing and pulmonary functions. Our experts will come to your facility or, if you prefer, you can come to us.

ONCOLOGY REHABILITATION

A cancer diagnosis can be traumatic, and so can life-saving treatments. Chemotherapy, radiation therapy, and surgery can harm health and cause serious medical problems that interfere with daily function and well-being. South County Hospital's Oncology Rehabilitation Program offers important physical and psychological rehabilitation—most of which is covered by insurance—so survivors can recover more quickly and more completely than they would otherwise.

ORTHOPEDICS CENTER 401 788-1700

Recognized as a Center of Excellence for knee and hip replacement by Blue Cross Blue Shield of RI, The Orthopedics Center is a partnership between South County Hospital, Ortho Rhode Island-South County Orthopedics, and South County Home Health. The South County Health Orthopedics Center is designed to provide a seamless continuum of care, offering a complete patient-centered experience—from the initial visit to the doctor's office through pre-surgery preparations and education, admission to the Hospital's orthopedics unit, follow-up care planning and post-op therapy, to in-home care. The respected board certified orthopedic, sports medicine, and spine surgeons on the medical staff use state-of-the-art technology in all aspects of orthopedic care, including total joint replacement of all major joints; hand, foot and ankle, shoulder, elbow, and hip procedures, including hip and knee resurfacing; carpal tunnel procedures; fracture repair; ACL repair; and arthroscopic procedures on all major joints and for muscle, tendon, nerve, and cartilage damage. In addition, we are the only hospital in the state offering Mako robotic-assisted technology for knee resurfacing, total knee replacement, and total hip replacement. (For a complete list of orthopedic physicians, see the Physician Directory section of this book; also see pages 91, 93.)

OXYGEN (see South County Surgical Supply, pages 9, 11)

PNEUMONIA VACCINE PROGRAM 401 471-6742

Individuals aged 65 and older, and those with high risk or long-term health problems such as heart or lung disease, kidney failure, diabetes or certain types of cancer, will benefit from the pneumonia vaccine. The vaccine protects against 23 types of pneumonia virus and needs to be administered only once every 5-10 years.

PODIATRY 401 783-2424

If you are suffering from foot or ankle pain, our podiatrists can help. They offer expert treatment and care for a wide range of foot and ankle ailments, including arthritis, bone spur, broken bones, bunions, bursitis of the heel, calluses and corns, fallen arches, gout, hammer toes, plantar fasciitis, plantar warts, sprains, stress fractures, and tendinitis. Specialty care is also provided for complex foot and ankle problems such as arthritis in the joints, deformities from trauma, feet and ankles that need realigning, and previous fractures that didn't heal correctly. (For a complete list of podiatrists, see the Physician Directory section of this book.)

PREGNANCY LOSS SUPPORT GROUP 401 783-3624

This is a support group for those who have experienced miscarriage, fetal demise, or stillbirth no matter when the loss occurred. Partners, friends and family members are welcome. Call Joanne LaBelle, RN, for monthly dates.

PRIMARY CARE—FAMILY & INTERNAL MEDICINE

The physicians within the South County Health Primary Care practices are part of the South County Medical Group. These board certified physicians practice family medicine and internal medicine, both of which are the foundation of primary care. South County Primary Care – Family Medicine offers you and your family (ages newborn and up) quality primary care services delivered by highly experienced physicians. In our patient-centered practice, we are committed to helping you achieve and maintain good health from birth through old age. Offices in East Greenwich and Wakefield. The board certified physicians of South County Primary Care – Internal Medicine specialize in adult care, with a special focus on preventing and treating disease. Offices in Wakefield and Westerly. For a complete list of primary care physicians (family medicine and internal medicine) on the medical staff at South County Hospital, see pages 109-121.

PULMONOLOGY 401 788-8560

Problems affecting the lungs and breathing are among those most disruptive to quality of life. In some cases, pulmonary disorders, such as asthma and chronic obstructive pulmonary disease (COPD), are life-threatening. Pulmonologists are specially trained in diseases of the chest, respiratory tract, lungs and cardio-pulmonary system—the organs that help people breathe and take in oxygen. At South County Health, our board certified pulmonologists can treat a variety of breathing disorders and conditions.

RADIATION THERAPY SERVICES 401 284-0850

South County Radiation Therapy offers a full spectrum of radiation therapies for cancer, including intensity modulated radiation therapy (IMRT), 3D conformal beam therapy, and HDR brachytherapy. This service is a partnership with 21st Century Oncology, a recognized and respected national leader in cancer research and treatment.

SLEEP DISORDERS CENTER 401 788-1667

Do you or a family member snore? Do you wake up tired, even after a full night's sleep? If so, call the South County Hospital "Sleep Lab." We can put you on the road to a good night's rest and better health. The Sleep Disorders Lab is accredited by the American Academy of Sleep Medicine. (Also see page 125.)

SMOKING CESSATION PROGRAM 401 782-8020 ext. 3484

If you need help quitting smoking, our smoking cessation program can help you achieve this sometimes-difficult goal. You'll get ongoing, one-on-one counseling with a Respiratory Therapist, information on medications that can help curb your cravings, and a two-month membership to the South County Hospital Wellness & Fitness Center gym.

STROKE CENTER 401 782-8000 (Emergency Department)

South County Hospital is designated by The Joint Commission as a Primary Stroke Center, an accreditation that recognizes South County Hospital's strict adherence to specific guidelines for the timeliness and appropriateness of care for persons experiencing stroke. Guidelines for this accreditation were developed in collaboration with the American Heart Association/American Stroke Association. The Joint Commission recognizes as Primary Stroke Centers only facilities that make exceptional efforts to foster better outcomes for stroke. South County Hospital is the only Primary Stroke Center in southern Rhode Island.

SURGICAL SERVICES

At South County Hospital, we offer comprehensive surgical services, including the specialties listed below. We provide top quality surgical care and the latest surgical techniques, such as computer-assisted, image-guided navigation for joint replacement and other procedures. For a complete list of surgeons, see the Physician Directory section of this book.

- Cancer
- Cardiology
- Ear, Nose & Throat
- Gastroenterology
- General Surgery
- Gynecology
- Ophthalmology
- Oral & Maxillofacial
- Orthopedic Surgery
- Plastic Surgery
- Podiatry
- Pulmonary
- Urology

TICK HOTLINE/VECTOR-BORNE DISEASE, 24-HOUR INFO
401 788-1686

Warm weather days are sure to lure everyone outdoors. Enjoy the good weather, but stay on tick-alert. Call the South County Hospital Tick Hotline and learn how to remove a tick from the skin, how to reduce the number of ticks on your property, and how to identify the early symptoms of Lyme Disease.

TRANSPORTATION (see Wave Van, page 23)

TRAVEL IMMUNIZATION CLINIC 401 471-6742

Before you travel outside of the U.S., get vaccinated to protect yourself and your family. Call the South County Hospital Travel Immunization Clinic, located in the Medical & Wellness Center on South County Trail (Rt. 2) in East Greenwich, to arrange for vaccination before you travel.

URGENT CARE/WALK-IN CARE 401 471-6740

When you need medical care, but it's not an emergency, walk-in care is available at our Medical & Wellness Center on South County Trail (Rt. 2) in East Greenwich seven days a week (M - F, 8am - 6pm; Sat. 8am - 4pm; Sun. 10am - 4pm), or our Urgent/Walk-In Care Center on Rt. 1 in Westerly (M - F, 8am - 6pm; Sat. - Sun. 8am - 4pm.) No appointment necessary. Get the care you need, when you need it! (Also see pages 142, 143.)

VISITING NURSE (see South County Home Health, pages 9, 10)

WAVE VAN 401 788-1178

We offer free transportation to serve patients in South Kingstown, Narragansett, and parts of North Kingstown and Charlestown who need access to the Lab, Diagnostic Imaging, Pre-Admission Testing, Cardiopulmonary Services, and/or have appointments with physicians within the South County Medical Group of practices (see page 9). Please leave a message and a driver will return your call to schedule and confirm your pick-up location and time.

WEBSITE www.southcountyhealth.org

WEIGHT LOSS (see Cardiopulmonary Services, page 13)

WELLNESS & FITNESS CENTER 401 782-8020 ext. 3484

The Wellness & Fitness Center is a full-service gym with treadmills, rowing machines, steppers, bicycles, elliptical trainers, strength training equipment, and more. A staff of highly trained exercise physiologists is available at all times. You'll also find a wide range of ongoing prevention, wellness, and fitness programs, such as Weight Loss & Management, Smoking Cessation, Diabetes Management & Prevention, and Nutrition Services (see page 16), to name just a few.

WOMEN'S HEALTH (see Center for Women's Health, page 14)

WOMEN'S IMAGING CENTER 401 788-1486

Screening and diagnostic digital mammograms, breast ultrasound, and bone densitometry are provided in an environment designed and dedicated to making you feel comfortable. Breast biopsy and preoperative procedures are performed by board certified radiologists. Convenient hours.

WORKERS' COMPENSATION PROGRAM

401 788-1656 or 401 471-6742

When one of your employees sustains a work-related injury, your first concern is medical treatment. We offer immediate access to medical treatment and a coordinated delivery system to care for all of your workers' compensation needs, including:

- Medical case management
- Timely and effective communications regarding the injured worker
- Prompt access to a network of specialists committed to quality care and optimal return to work
- Rehabilitation services

WOUND CARE CENTER 401 788-1638

The only physician-directed wound care program in the area, the South County Health Wound Care Center achieves superior healing outcomes by offering state-of-the-art therapies and the most advanced treatments available for non-healing wounds caused by diabetes, poor circulation, pressure, or surgical incisions. (Also see page 58.)

Physician Directory

Organized by specialty, physicians are listed alphabetically followed by affiliated medical staff (practitioners such as physician assistants, nurse practitioners, etc.).

Please note: This directory is printed every two years. Since new clinicians may join the medical staff during that time, and others may retire or move, visit the Find A Doctor link at www.southcountyhealth.org for a list that is updated regularly.

ALLERGY & IMMUNOLOGY

Allergists diagnose and treat allergic conditions such as asthma, dermatitis, and food and insect allergies. Immunologists prevent, diagnose and treat conditions related to the immune system.

Russell A. Settippane MD (Consulting)

Name of Practice: Allergy and Asthma Centers of RI

Address: 450 Veterans Memorial Parkway, Building 15,

“AFTER HIP REPLACEMENT SURGERY AT
SOUTH COUNTY HOSPITAL,
EVERYDAY LIFE IMPROVED 100%.”

For years, Sandra Lato had severe hip pain. “I couldn’t go upstairs using both legs and walking was challenging.” That all changed after Sandra underwent total hip replacement surgery using Mako™ Robotic-Arm Assisted Technology. Her surgeon, Dr. Robert Marchand, calls her specific procedure a “hip trifecta,” combining robotic precision, an anterior approach to spare muscles, and the use of a bone-preserving mini-stem hip implant. Sandra says, “Now I can walk upstairs using both legs and without pain. It’s a miracle.”

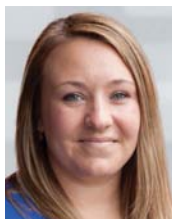

The surgeons at the SCH Orthopedics Center are the global leaders in Mako Technology—over 4,500 procedures. For a consultation with a physician at Ortho Rhode Island—South County Orthopedics, call 401-789-1422.

South County Hospital Campus

100 Kenyon Avenue, Wakefield, Rhode Island 02879

SOUTH COUNTY HOSPITAL
Part of South County Health

Directions to South County Hospital

From Providence and points north (including T.F. Green Airport)

- Take Interstate 95 South to the RI Route 4 exit (North Kingstown and South County)
- Follow RI-4 and merge with US-1 South
- Take the “South County Hospital/Salt Pond Road” exit
- At the end of the ramp, turn right and take an immediate left onto Kenyon Avenue
- The Hospital campus entrance will be on your left

From Connecticut and points south via I-95 North

- Take I-95 North to Exit 3, RI-138 East, marked Newport Bridge and University of Rhode Island
- Follow RI-138 past the University of Rhode Island campus and continue to US-1
- Turn right onto US-1 South
- Take the “South County Hospital/Salt Pond Road” exit
- At the end of the ramp, turn right and take an immediate left onto Kenyon Avenue
- The Hospital campus entrance will be on your left

From the Westerly/Charlestown area via US-1 North

- Take US-1 North for approximately 20 miles
- Take the “South County Hospital/Salt Pond Road” exit
- At the end of the ramp, turn left then take second left onto Kenyon Avenue
- The Hospital campus entrance will be on your left

For all services, park in the patient parking area and enter under the dome.

A Visitor Guide with detailed maps of each floor is available at the Information Desk just inside the Main Entrance.
